hfma
healthcare financial management association

Dear HFMA Colleague:

Congratulations on your achievement of becoming a Certified Healthcare Financial Professional (CHFP) through HFMA. To be awarded the CHFP designation, applicants must have successfully completed the HFMA Business of Health Care and HFMA's Operational Excellence programs and be a current HFMA Professional or Business-Partner member.

Be on the lookout for an email invitation from Credly Pearson (HFMA's badging platform partner) with your opportunity to claim and download your CHFP certification badge. You can display the badge in your email signature, electronic resume and on social sites like LinkedIn, Facebook and Twitter. In addition to this, you will receive a personalized congratulatory letter and CHFP certificate via email. You are required to document maintenance of your designation every three years. The current maintenance requirements and reporting process is described on the HFMA website at: www.hfma.org/maintain.

We applaud your dedication to your professional development as evidenced by earning your CHFP credential and by continuing to develop your skills through participation in educational activities. HFMA is committed to supporting your professional development and strives to provide members access to the highest quality in educational programming. We hope you will review the many chapter and HFMA professional development opportunities available to you at hfma.org.

Please contact the HFMA HQ Team with any questions at inquiry@hfma.org.

Again, congratulations on this important achievement.

HFMA Education and Learning Team
HFMA

**Student members are eligible to take both modules of the CHFP program, but the designation can only be officially earned upon assuming Professional or Business-Partner member status. Please contact inquiry@hfma.org for details.*
